Claims 1-27 and 33-40 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made without traverse in the reply filed on June 12, 2007.

Claims 28, 29, 31, 32, 41 and 43 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Davidson (5,477,864). Davidson discloses a stent (col. 4, lines 8 and 59) comprising a strut element (shown in figures 11A-C) that includes a solid metallic inner core (the strut itself which is metallic as indicated in col. 7, lines 32-34 and col. 12, lines 64-65) and an outer layer (the porous coating described in col. 4, lines 54-59 and col. 7, lines 32-54) made from a porous metallic material wherein the outer layer holds a therapeutic substance (col. 7, lines 55-59). Alternatively, it would have been obvious that the Davidson strut itself is solid since it is not described as being porous and since stent struts are typically solid.

Claim 42 is rejected under 35 U.S.C. 103(a) as being unpatentable over Davidson (5,477,864). Davidson fails to disclose the claimed pore size. However, it is old and well known to size pores on stents as claimed in order to obtain the

advantage of retaining a drug therein for delivery to a blood vessel. It would have been obvious to so size the Davidson pores so that it too would have this advantage.

Applicant's arguments with respect to claims 28, 29, 31, 32 and 41-43 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Note that the therapeutic substance was not part of the claimed combination prior to the amendment. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,
